 Come Make Rain Sticks with
 Us and The Little Art House

WHAT IS A MAKERSPACE ?

Makespace in a children's museum enables children to engage in activities that move them from passive users to active creators. They become the maker in the space. They can create and learn skills using a variety of tools and materials. In addition, we will engage professionals in the area to inspire visitors, such as artists, architects, and engineers, to name a few.

Our Innovators Lab will provide projects for children of different ages and open times so children can create anything they can imagine. The space will foster self-directed, hands-on, and collaborative learning. In addition, the Innovators Lab will reflect exhibits that will allow in-depth discovery.

Children's Museum of Pittsburgh

CRAFT CORNER

If you are unable to join us this coming Saturday but would like to make these fun Maracas, here are the instructions.

1. Fill your easter eggs with popcorn kernels or rice.
2. Place a plastic spoon on each side of the egg.
3. Secure spoons to egg with duct tape.
4. Wrap Washi decorative tape around the spoon and egg.
5. You are done, have fun shaking.

PLAY IS NOT JUST ABOUT HAVING FUN BUT ABOUT TAKING RISKS, EXPERIMENTING, AND TESTING BOUNDARIES.

AMERICAN ACADEMY OF PEDIATRICS

THE SECOND ANNUAL

SHELBY RECREATION OPEN HOUSE

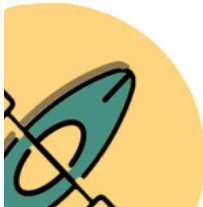

Saturday, March 25

10 am to 2 pm

Shelby Community Center Campus
